

■ **Symbol**

Regulator

■ Features

1. Aluminum alloy 7 series for strong configuration.
2. Force saving mechanism for easy pressure set up.
3. The structure with PCTEF seal for life increase of product.

Patent no. M646144

■ How to order

URH6

High Pressure Regulator	Port size
	7/16" - 20UNJF-2B

■ Specifications

Model	URH6
Port size	7/16" - 20UNJF-2B
Fluid	Compressed air 、 Nitrogen
Inlet pressure	410bars (6,000psi)
Operating pressure range	27bars (400psi)
Body material	A7075 (Lightening)
Seal material for main valve	PI / PCTEF
Ambient temperature	-10°C ~ 65°C
Weight	890 g

■ Dimensions

URH6
