

SRH Series

Miniature High Pressure Regulator

■ Features

1. Lightning design for configuration.
2. Setting pressure up to 200bar.
3. Inlet pressure up to 350bar.

SRH-3B2N (Certification pending)

■ Features

1. Lightning design for configuration.
2. The structure of pressure regulation by two steps for stable outlet pressure.
3. Balance lifting structure to reduce the impact of inlet pressure decrease.

SRH-302N (Certification pending)

■ How to order

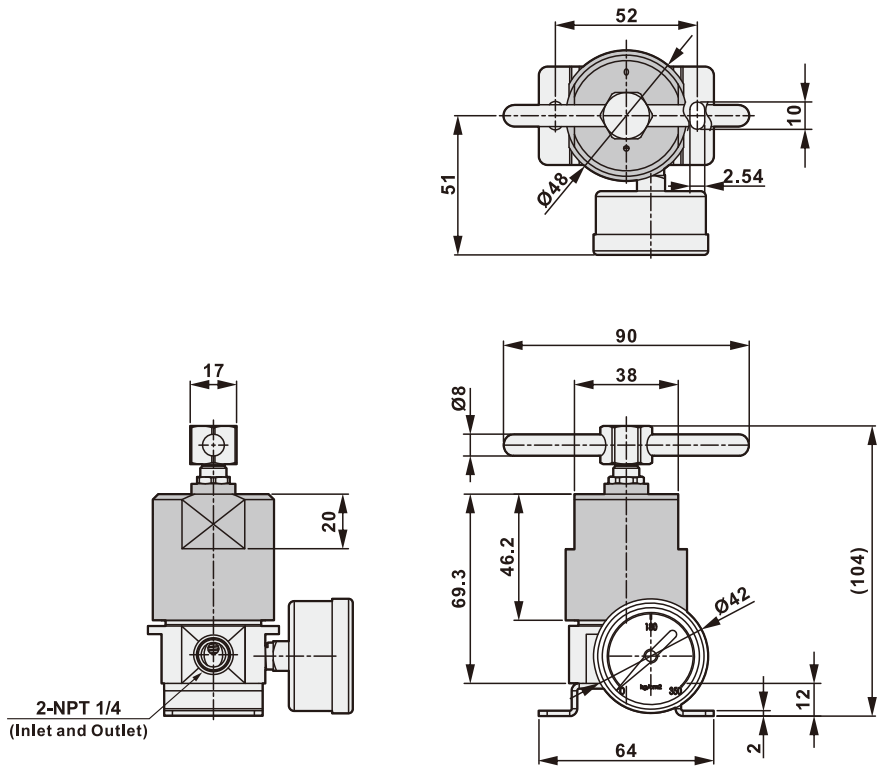

SRH	—	3	0	2	N
Miniature High Pressure Regulator		Inlet pressure	Operating pressure range	Port size	Thread
		3 : 350bar	0 : 0 ~ 2bar B : 0 ~ 200bar	2 : 1/4"	N : NPT

■ Specifications

Model	SRH-3B2N	SRH-302N
Port size	1/4"	
Fluid	High pressure gas、H ₂	
Inlet pressure	350bar	
Operating pressure range	0 ~ 200bar	0 ~ 2bar
Body material	A7075-T6	
Pressure balance	Non-relieving	
Ambient temperature	-10°C ~ 70°C	
CV value	0.1	
Weight	402g (With gauge 472g)	374g (With gauge 427g)

■ Dimensions

SRH-3B2N

SRH-302N
