

Features

1. Non-rotating spool to prevent sealing base from damage and increase airtight ability.
2. Metal sealing structure extends the life of product.

How to order

VNH	—	15	03
High Pressure Needle Valve	Operating pressure range	Port size	
	15:15,000psi	03:3/8"	

Specifications

Model	VNH-1503
Port size	Rc 3/8"
Fluid	High pressure gases 、H ₂
Orifice	Ø3mm
Operating pressure range	15,000psi
Proof pressure	20,000psi
Body material	SUS316L
Leaking test	Bubble test
Ambient temperature	-20°C ~ 80°C

Dimensions

VNH-1503
